

Attention All Pilots: The FAA Taxi Test! Can you pass it?

Pilots put themselves and others in danger every day by missing important airport signage, lighting and markings. We know the markings for the most part, but why do smart pilots still make mistakes? Are you at risk for making the same mistakes? Our quiz for you may tell all.

Directions: NCAT has a great facility for seminars. It is located just north of the main entrance to Jabara Airport. Look for directions at the entrance door located in the center of the main building. We would like to thank the National Center of Aviation Training for their support to aviation safety.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
